A BRIEF HISTORY

The year was 1887. Cañon City was a part of the burgeoning urbanization of Colorado and the potential seed for the capital city. The gold rush and manifest destiny had cultivated a culture imbued with a pioneering spirit that rose to new heights along with the elevation.

Where opportunity was in the air – the west was still forming. The nearby town of Silver Cliff went from boom to bust when hype of silver surpassed its presence in the ground. To tap into new opportunities, Hotel St. Cloud was moved, brick by brick, from Silver Cliff to Cañon City.

*This restaurant taps into that same frontier spirit that carved out the culture of Colorado and remains to this day. Our menu pulls from 19th century frontier favorites paired with locally inspired culinary and ingredients. Ask your server for more historical storytelling or further your inquire in **The War Room**.*
