Issue a paid gift

1. Copy the next **HSCG** code from the generator. Do not Save or Print yet.
2. Cloudbeds → House Accounts → **Gift Certificates**. Never + New House Account per sale.
3. Add/Adjust Charge → Add Item.
4. Category **Gift Certificates**. Product **Hotel Gift Certificate**.
5. Notes: **HSCG2026-050 - Jane Smith** (code + recipient). Amount = this sale only.
6. **Phone:** stay on the call. Add Payment → Pay by Link → Charge. Walk them to the email. Folio shows Payment from Pay by Link.
7. **In person:** Add Payment → Terminal. Run the card. Never send a link to someone at the counter.
8. Money is in. Generator: fill the form, Pay Link Sent → Yes, Save, Print. Then Clear.
9. Email from reservations@, or hand the voucher at the desk.

Issue complimentary (HSCC)

Manager yes first. Generator → Complimentary → recipient, amount, optional org/event, optional Expires on, Approved by Lorin/Kim/Lindsay → Save → Print. No Pay by Link.

Redeem

1. Ask for the code. Search the generator if they lost the paper.
2. Confirm it is **Open** and check remaining dollars.
3. Create the reservation. Payment method **Gift Certificate**. Amount = this stay only. Collect leftover cash if the stay is more.
4. If the stay is less, ask: keep leftover on the cert, or spend on F&B this stay. F&B leftover is a second Gift Certificate payment on the reservation folio. Notes: **{code} leftover F&B**.
5. Paste the code into reservation notes.
6. Generator → Apply / Redeem. Amount this stay, leftover choice, reservation ID, agent name, note checkbox. Remaining \$0 becomes Redeemed. Else it stays Open with leftover.

Do not send Pay by Link a second time at stay.

Void

Void keeps the record (name + reason: test, duplicate, accident) and drops it off Open. Codes stay reserved. Restore if you voided by mistake. Cannot redeem a voided cert until Restore.

Do not

- Gift Up, VoucherCart, or plastic gift cards
- A new House Account per buyer
- Pay by Link for someone standing at the counter
- Expiry dates on paid certs
- Lindsay's email on the voucher
- Mint the next code on Save
